To: david@tcpamn.org <david@tcpamn.org>

David,

I have reviewed the application and have a few questions or need some clarification. As I read the narrative for this project, I read that there will be individual septic systems, cluster systems and treatment facilities. But then reading farther down in the details, it only references individual septic systems. Can you please clarify what type(s) of systems will be constructed. I am also wondering who is making the decisions on what type of system will go where. Is it up to the lot buyer to make that decision or is the developer making those decisions first?

To Whom it May Concern:

Following is a link to a page on the TCPA website that gives access to all of the reviewer's documents for a proposed GDP and Rezone in Rochester Township.

<https://tcpamn.org/mayowood-estates/>

Please review the documents and return any comments or concerns to our office no later than Friday, June 5th, 2020.

Thanks in advance for your help.

Stay safe, stay healthy, and have a wonderful Memorial Day weekend.

Respectfully,

David H. Meir
